5. Gingivectomy & Gingivoplasty
6. Splinting
7. Grafts & their Types

## **CLINMASTERS**

### **MESSAGE FROM THE TEAM**

#### **Welcome to ClinMasters!**

It gives us immense pleasure to introduce our center for clinical excellence.

We are a team of experienced clinicians who stand committed to enhance your clinical skills.

All our training programs are clinically driven, based on interactive & hands on teaching learning experience – Tell Show and Do Methodology.

We offer long term & short term courses for young and experienced professionals.

We understand that there is a huge gap between the skill set you need to have as a clinician and what you learn as a part of your college curriculum.

We bridge the gap between what you have learnt/what you know and what you need to know to achieve clinical success in your practice.

We are here to upskill you in contemporary practices and make you ready for a successful career.

We look forward to welcome you.
