1. Diagnosis & Treatment Planning in Pediatric Patients
2. Habits & their Management
3. Pulpotomy
4. Pulpectomy
5. Crowns in Pediatric Patients

FACIAL AESTHETICS & COSMETOLOGY

1 FACE MICRONEEDLING & PRP

1. Skin Anatomy
2. Facial Ageing
3. Micro needling
4. PRP for Facial Rejuvenation

CLINMASTERS

Welcome to ClinMasters!

It gives us immense pleasure to introduce our center for clinical excellence.

We are a team of experienced clinicians who stand committed to enhance your clinical skills.

All our training programs are clinically driven, based on interactive & hands on teaching learning experience – Tell Show and Do Methodology.

We offer long term & short term courses for young and experienced professionals.

We understand that there is a huge gap between the skill set you need to have as a clinician and what you learn as a part of your college curriculum.

We bridge the gap between what you have learnt/what you know and what you need to know to achieve clinical success in your practice.

We are here to upskill you in contemporary practices and make you ready for a successful career.

We look forward to welcome you.
