

Certification Course

# ADVANCED CLINICAL ENDODONTICS

## KEY FEATURES

**100% CLINICAL WORK  
ON PATIENTS**

**ADVANCED PROCEDURES**

**SMALL BATCH SIZE**

## MODULES COVERED:

- Endodontics for Complex Cases
- Re Treatment Endodontics
- Post & Core
- Endodontic Surgeries
- Endodontics under Magnification

## Course Highlights:

Advanced Clinical Endodontics course is meant for you if you already do RCTs independently & confidently and you are now looking at **enhancing your endodontic practice**.

All **case numbers are 100% on patients**, and the course enables you to handle advanced cases confidently:

- Complex RCTs - C shaped canals, calcified canals, tortuous canals, etc.
- Complicated RCTs with broken instruments, ledge formations, perforations etc.
- Re Treatment Cases
- Post & Core
- Endodontic Surgeries

You can work **under magnification** (mainly loupes) for all your cases, after working under magnification on extracted teeth first.

You can also work under microscope under faculty supervision.

## Case Numbers:

- 6 RCTs cases of the following types are allotted: RCTs in teeth with complex anatomy, Complicated RCTs with broken instruments, ledge formations, perforations etc., Re Treatment Cases
- 2 cases of Post & Core
- 1 case of Endodontic Surgery (mainly apicoectomy)
