

Certification Courses

# CLINICAL ENDODONTICS

## KEY FEATURES

**100% CLINICAL WORK ON PATIENTS**

**ADVANCED EQUIPMENT  
& MATERIALS**

**SMALL BATCH SIZE**

## 3 COURSES:

- Clinical Endodontics
- Comprehensive Clinical Endodontics
- Mastership Clinical Endodontics

# MODULES COVERED:

- Dental Medicine & Diagnostics
- Clinical Endodontics
- Rotary Endodontics
- Single Visit Endodontics
- Endodontics for Complex Cases
- Re Treatment Endodontics
- Endodontics under Magnification
- Restorations
- Post & Core
- Crown Preparations

## Course Highlights:

**Endodontics is the bread & butter for a dental surgeon**, this course is your first step towards a successful clinical practice (your own or as a job at a clinic).

You will learn endodontics on patients in a **small batch size** with a **dedicated experienced faculty** for your batch so that you get **personal attention** to ensure effective learning.

All below **mentioned case numbers are 100% on patients**, and the complete course enables you to handle all types of endodontic cases confidently:

- Rotary RCTs, Single Sitting RCTs
- Complex RCTs - C shaped canals, calcified canals, tortuous canals, etc.
- Re RCTs
- Complicated RCTs with broken instruments, ledge formations, perforations etc.
- Post & Core - required in root canal treated teeth with weakened tooth structure
- Crown Preparations - that must be done in all post endo patients
- Working under loupes for a magnified view

## Case Numbers, Course Duration & Fee:

	<b>Clinical Endodontics</b>	<b>Comprehensive Clinical Endodontics</b>	<b>Mastership Clinical Endodontics</b>
<b>RCT's (Including Rotary)</b>	10	10	18
<b>Restorations</b>	10	10	18
<b>Crown Preps</b>	NA	5	10
<b>Post &amp; Core</b>	NA	2	4
<b>Endo cases under magnification</b>	NA	NA	2
<b>Duration</b>	5 weeks	6 weeks	8 weeks
<b>Fee</b>	48,000/-	62,000/-	95,000/-

# Course Schedule:

Day	Subject	Type of Session	Topic
1	Dental Medicine & Diagnostics	Lecture with Clinical Application	Case History, Clinical Examination, Clinical Terminologies, Imaging Techniques, Radiographic Anatomy, Radiographic Interpretation
		Demonstration	Demonstration of palpation of different lymph nodes on a subject
		Demonstration	Demonstration of TMJ examination on a subject
		Demonstration	Demonstration of Blood Pressure measurement using sphygmomanometer
1	Endodontics	Lecture with Clinical Application	Endodontic Microbiology, Diseases of Pulp & Periapical Tissues Clinical Diagnostic Methods
		Demonstration	Demonstration of Pulp vitality tests
2	Oral Surgery	Lecture with Clinical Application	Anatomy of the skull, Trigeminal Nerve – Ophthalmic Nerve, Anatomy of the Maxilla (faculty also demonstrates the topic on skull)
2	Endodontics	Lecture with Clinical Application	Anatomy of the Pulp Cavity & It's Access Opening
2	Dental Medicine & Diagnostics, Endodontics	Pre-Clinical	TMJ examination, lymph node palpation, blood pressure measurement, radiographic techniques Start RCT on extracted teeth
3	Oral Surgery	Lecture with Clinical Application	Maxillary Nerve & Maxillary LA Techniques (faculty also demonstrates the topic on skull)
3	Endodontics	Lecture with Clinical Application	Working Length, Bio Mechanical Preparation Irritants & Irrigation Devices
3	Endodontics	Demonstration	Demonstration of Apex Locator for working length assessment

4	Oral Surgery	Lecture with Clinical Application	Anatomy of the Mandible, Mandibular Nerve & Mandibular LA Techniques (faculty also demonstrates the topic on mandible)
4	Endodontics	Lecture with Clinical Application	Intracranial Medicaments, Obscuration Medications in endodontic treatment
5	Endodontics	Lecture & Demonstration	Crown Preparation for PFM & Zirconia Crowns, followed by demonstration
6	Endodontics	Pre-Clinical	Completion of RCT on Extracted Teeth
6	Endodontics, Oral Surgery	Discussion & Assessment	Endodontics & Oral Surgery Topics (RCT patient allotment is started post pre-clinical approval & assessment)
7	Endodontics	Pre-Clinical	Start Crown Preparation on Extracted Teeth
10	Endodontics	Lecture & Demonstration	Post & Core followed by demonstration (Post & Core cases are started after completion of this session)
10	Endodontics	Pre-Clinical	Completion of Crown Preparation on Extracted Teeth (Crown preparation cases are started after pre-clinical approval)
14	Endodontics	Demonstration & Pre-Clinical	Rotary RCT on Extracted Teeth – Demonstration + Practice (Rotary RCT cases are started after this session)

## Note:

Lecture & Demonstration scheduled on Day 5 and sessions scheduled on day 7 & 10 are applicable only for comprehensive clinical endodontics & mastership clinical endodontics course candidates.

## Clinical Schedule:

Patients are allotted after pre-clinical approval & assessment scheduled on day 6.

# **COURSE LIST**

- Clinical Endodontics
- Advance Clinical Endodontics
- General Dentistry
- Smile Design & Aesthetic Dentistry
- Oral Implantology
- Advanced Oral Implantology
- Advanced Cosmetology , Facial Esthetics & Trichology
- Hair Transplant
- Oral Surgery
- Impactions
- LASER Dentistry
- Clinical Pedodontics
- Clinical Periodontics
- Clinical Prosthodontics
- Trauma Management
- CBCT Interpretation & Reporting
- Conscious Sedation

*Customization of courses is also done as per requirement*

*\*Accommodation available in campus\**
