

Certification Course

# CLINICAL PEDODONTICS

## KEY FEATURES

---

**100% CLINICAL WORK  
ON PATIENTS**

**BASIC TO ADVANCED  
PROCEDURES**

**SMALL BATCH SIZE**

## MODULES

---

- PEDIATRIC  
ENDODONTICS
- BEHAVIOUR  
MANAGEMENT
- CONSCIOUS SEDATION
- HABIT BREAKING  
APPLIANCES

## **Course Highlights:**

Clinical Pedodontics course is meant for you if you want to **treat pediatric patients in your dental practice.**

The course faculty gives you clinical tips for **behavior management** in pediatric patients – this being the most crucial aspect in patient management.

You will also be taught conscious sedation in detail and you will **perform 2 cases under conscious sedation**

You will also **understand that which habit breaking appliance must be given** for a particular habit seen in a pediatric patient.

This course covers **pediatric endodontics** which is the most important skill to learn for pediatric treatments and all **case numbers are 100% on patients.**

## **Case Numbers:**

- Pulpectomy – 3 units
- Post Pulpectomy SS Crowns – 2 units
- Nitrous oxide inhalation sedation – 2 cases

## **Course Duration & Course Fee:**

Course Duration: 7 days

Course Fee: 35,000/-

# Course Schedule:

Day	Type of Session	Topic
1	Lecture with Clinical Application	Overview of behavior management in pediatric patients
		Oral Habits in Children: Causes, Clinical Findings, Effects, Malocclusion caused due to habits, Prevention, Management, Habit Correction Appliances: Thumb Sucking, Tongue Thrusting, Mouth Breathing

2	Lecture with Clinical Application	Pulpotomy: Rationale, Objectives, Case Selection, Indications, Contraindications, Factors Affecting Prognosis, Techniques, Medicaments used, Step by Step Procedure
		Pulpectomy: Types, Indications, Contraindications, Treatment Objectives, Treatment Considerations, Obturating Materials, Step by Step Procedure
		Post Endo Crown Preparation for Prefabricated Stainless Steel Crowns
	Demonstration on Patient with Step by Step Explanation	Pulpotomy & Pulpectomy
Observation & Assistance	Candidate observes & assists nitrous oxide inhalation sedation procedure	
3-7	Independent Patient Work (under course faculty supervision)	<p>Pulpectomy - 3 units</p> <p>Post Pulpectomy SS Crowns - 2 units</p> <p>Nitrous oxide inhalation sedation - 2 cases</p>

# **COURSE LIST**

1. Clinical Endodontics
2. Comprehensive Clinical Endodontics
3. Mastership Clinical Endodontics
4. Advance Clinical Endodontics
5. General Dentistry
6. Comprehensive General Dentistry
7. Mastership General Dentistry
8. Comprehensive Clinical Dentistry( Long Term)
9. Smile Design & Aesthetic Dentistry
10. Oral Implantology
11. Advanced Cosmetology , Facial Esthetics & Trichology
12. Oral Surgery
13. Impactions
14. LASER Dentistry
15. Clinical Pedodontics
16. Clinical Periodontics
17. Clinical Prosthodontics
18. Trauma Management

*Customization of courses is also done as per requirement*

*\*Accommodation available in campus\**
